 NCST T2IA#2

TODAY'S CREW ASSIGNMENTS

Crews arrived in Salt Lake City, UT this afternoon. All crews are being housed at military base: Camp Williams in Bluffdale, UT. One of the IA crews will be assigned to the Tepee Springs incident on the Payette NF and the other crews will be assigned to the 11 Mile incident on the Salmon Challis NF. Resource orders will be finalized in the morning. All crews will be assigned 4 pickups each. They have about half the trucks they need and local dispatch is working on acquiring the rest tomorrow. The plan is to have all crews depart for their incidents tomorrow, 9/1/15. None of the IA crews have purchase cards or anyway to pay for gas. Therefore, a Task Force Leader trainee, who is here with the crews, will be pulled away from the crews going to the 11 Mile incident to escort (and buy gas) for the crew that will be going to the Tepee Incident. He will then drive to the 11 mile incident where he is assigned (about a 5hr drive). The Task Force Leader for the 11 mile crews will escort them to their camp.

MORALE OF CREWS Fine

INJURIES None known
